Working Group
Connecting Theory to Experiment
Thursday, August 14, 2025
Session 1: 8:30 to 10:00 CDT
Location: MPHY 205

Zoom link: https://SDSU.zoom.us/j/82237325568

The goal of this working group is to (a) identify key areas of theory needed for healthy support of future low-energy experiments, and (b) discuss improved pathways to connect theory with experimental efforts.

Tentative program (check back late for updates)

Introduction (theory): Calvin Johnson	8:30 to 8:40
Introduction (experiment): TBA	8:40 to 9:00
Small group breakout discussion	9:00 to 9:30
General discussion and feedback	9:30 to 10:00

Convener: Calvin Johnson, SDSU
